

2014/2015
ANNUAL REPORT

Yarmouth Hospital Foundation

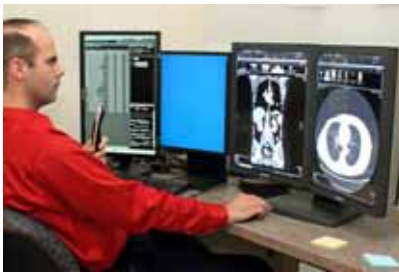

The mission of the Yarmouth Hospital Foundation is to support and enhance our hospital as a community and regional centre of excellence in health care.

OVER THE TOP

Enhancing Health Care

Campaign exceeded goal for major projects

Province, hospital share costs 75/25

New CT Scanner

YHF share: \$355,506

The CT scanner uses advanced software applications which allow more detailed diagnoses. At left, Chief Radiologist Dr. Joel Surette examines a scan, while (above) senior CT technologist Tina Maillet prepares a patient.

Medication Management System (MMS)

YHF share: \$391,301

MMS brings administration and dispensing of medications up to industry standards. It improves drug monitoring and reduces waste. At right, pharmacy technician Samantha Hedley prepares a prescription.

YARMOUTH HOSPITAL FOUNDATION

Annual Report

Welcome to the first Yarmouth Hospital Foundation's Annual Report. The Yarmouth Hospital Foundation's Annual Report will be distributed at the June Annual General Meeting to our donors and the community. It is a comprehensive report on the Foundation's activities throughout the year and is intended to give our donors, sponsors, partners and other interested parties information about the Foundation's activities and financial performance.

FOUNDATION CHAIR

A heartfelt thank-you

'The success of this campaign
is due to you, our donors'

Great hospitals need great community support. The impact of our community on the Yarmouth Regional Hospital has been tremendous and is allowing us to build a reputation that is a credit to the high-quality care and compassion that we are delivering in Yarmouth and the Tri-Counties.

It is inspiring to look back on the past year and count our many successes. With the generosity of our volunteers and you, our donors, remarkable things are happening at the Yarmouth Regional Hospital and the Yarmouth Hospital Foundation (YHF). As a result of overwhelming community support, we are building a better hospital with better tools to help our physicians and treat our patients.

In the spring of 2014, the Foundation launched the Enhancing Health Care (EHC) campaign to raise \$754,000 to fund a new state-of-the-art CT scanner and the automated Medication Management System. The Yarmouth Women's Auxiliary led the way with a very generous gift of \$150,000.

The Foundation received a second significant gift from YHF Board Director Elaine Thistle and her husband, Doug. The Thistles' donation of more than \$200,000 provided a lead gift to the Future Fund, a second pillar of the EHC campaign, thus setting a new campaign goal of \$1.2 million. The Future Fund helps the Foundation prepare for future equipment needs. I am pleased to report that we have

exceeded our over-all goal. The success of this campaign is due to you, our donors.

On March 26, 2015, we celebrated the success of the Enhancing Health Care campaign by hosting a celebration in the lobby of the Yarmouth Regional Hospital. We publicly acknowledged the Women's Auxiliary lead gift for the campaign and recognized the Thistles' generous donation, given in memory of Elaine Thistle's parents, Walton and Josina Warner. As a testament to their generosity, a name plate has been added to the Wall of Honour under "Patrons."

Our signature events, the Spring Gala and the Jody Shelley Golf Fore Health, continue to be very successful, with the dollars raised by these events going towards much needed equipment for the Yarmouth Hospital. Thank you to the YHF staff for their dedication to the Foundation's fundraising efforts.

Au nom du conseil d'administration de la Fondation Hôpital de Yarmouth, j'étend mes sincères remerciements pour tous les dons, le support des commanditaires et les bénévoles qui donnent si généreusement de leurs temps et d'argent pour assurer les meilleurs soins de santé possible dans notre région. Merci!

FUTURE FUND

A gift from the heart

‘A gift to the hospital is a gift
to the community as a whole’

For Doug and Elaine Thistle, giving is a way of life. It's a habit that began in childhood and recently culminated in a major gift to the Yarmouth Hospital Foundation of more than \$200,000.

When they retired and sold their business, Thistle Hyundai in Dayton, and its property two years ago, they decided to give back to the community that had supported and sustained them for many years.

“When you look at an institution in this area that affects everybody, then there is nothing that has the impact of the Yarmouth Regional Hospital,” Doug says. “A gift to the hospital is a benefit to the community as a whole.”

They chose to donate a substantial number of high-yield shares valued at \$205,000 to the Foundation's Future Fund, which was created to ensure that our community receives the health care services it needs and deserves.

The sale of their business and property came with major tax implications, but by making the gift to the Yarmouth Hospital Foundation, a registered charity, that tax implication was cut in half.

“It's a cost-effective way of supporting a charity,” says Elaine, who ran the business side of her husband's successful automotive dealership. She also sits on the Board of Directors of the Yarmouth Hospital Foundation.

The donated shares will continue to appreciate in value and that profit will go directly to support the vital work of the hospital, since registered charities do not pay income tax.

Their gift is made in honour of Elaine's parents, Walton and Josina Warner of Yarmouth, who were killed in a car accident in 1970, in memory of their lifetime of giving. In recognition, a nameplate has been added to the Wall of Honour.

LEAVING A LEGACY

A generous bequest

Marg McGray's final gift to help sustain health care

Margaret McGray was raised at a time when it was important to look after family and never go into debt. She took those principles seriously and personally.

"Marg was frugal and smart with her money," Ron Love, her sister's son, says, "but she was also extremely generous." So generous that, when she died last October, just before her 93rd birthday, she not only looked after her family in her will, but also left a very substantial legacy to the Yarmouth Hospital Foundation.

"My aunt always appreciated the fact that a little community like Yarmouth had such a terrific facility," Ron says, adding she wanted to help the hospital maintain that tradition with her gift.

Marg McGray spent her early life in Yarmouth, at first with grandparents on the Boyd farm, which later became part of the Yarmouth Airport. Later her parents, Margaret and Stuart McGray, moved the family to a small farm on Session Hill in Dayton.

World War II took her to Halifax where she enlisted in the Canadian Women's Army Corps. Marg worked in logistics and attained the rank of sergeant. After the war she was a secretary in the engineering department at Maritime Tel & Tel.

In the early 1980s, her mother died and Marg, who

never married, retired and returned to the family farm to care for her father. She stayed long after he passed away, until her own health began to fail.

Then she needed to be surrounded by family herself, and in 2006 moved to Huntsville, ON, to be close to her younger sister, Phyllis, and her family. Phyllis was a nurse who had trained at the Yarmouth Hospital and moved Ontario to work.

Yarmouth beckoned again when Phyllis passed away in 2011. Marg spent her final years in the community she loved, first at Gentle Care Seniors' Boarding Home on Lakeside Rd. and finally at Treasured Memories Seniors Estate on Elm St.

While Marg was in and out of hospital in her final years, a cousin and his wife, Allan and Carole Thompson, took very good care of her, Ron says. "We hated to see her go. We would have liked the opportunity to be of more help to her."

Many people remember the YHF in their wills, from some surprisingly generous donations such as that made by Marg, to more modest bequests. All bequests are deeply appreciated and are a testament to a caring community.

For more information on making a bequest in your will, contact Paulette Sweeney-Goodwin, YHF Managing Director, at 902-749-1669.

INSURANCE PAYOFF

Paying into a legacy

‘Over time it will grow
into something substantial’

Colin Fraser is a modest young lawyer who believes in investing in his community now *and* in the long term.

Born and brought up in Yarmouth, Colin demonstrates his commitment by serving on the Yarmouth Hospital Foundation (YHF) Board of Directors. He is the secretary of the Foundation and sits on the Executive Committee. Among other endeavours, he serves on the board of the South West Nova Transition House Association, which operates Juniper House.

Colin also believes in establishing a legacy gift to continue the work of the Foundation and support the continued excellence in health care provided by the Yarmouth Regional Hospital.

Many people choose to remember the Foundation in their wills, but, given Colin’s youth, he opted for a different approach — an insurance policy with the foundation as beneficiary. In his case, he set up the

policy specifically for this purpose, but an existing policy could also be altered to name the YHF as beneficiary.

“As a board member, I wanted to show my support and eventually leave a legacy to the hospital,” he says. “And so for me the best way to do that was to establish a whole life insurance policy, making monthly contributions that would eventually result in a large gift to the hospital. It’s paying into a legacy.”

Opting for this approach is a great way for a young person to craft a longterm gift to the hospital, he says. “You can start out with an amount you can afford, which is what I’ve done, and hopefully over time it will grow into something substantial.”

For more information assigning an insurance policy to the Hospital Foundation, contact Paulette Sweeney-Goodwin, YHF Managing Director, at 902-749-1669.

NURSING SCHOLARSHIP

Doctors giving back

Support for people entering
a 'noble profession'

Physicians Rajender and Asha Parkash moved to Halifax to be close to their sons, but they haven't forgotten all the years they devoted to the medical care of the people of the Yarmouth area.

They have established a \$50,000 Endowment Fund for a \$1,500 Nursing Scholarship to be awarded to a first-year student at the Dalhousie University School of Nursing, Yarmouth Site.

"We spent many years in Yarmouth and have many pleasant memories and feel obligated to give back in some way to the community dear to our hearts," the Parkashes say. The doctors hope that their generosity inspires other philanthropists to contribute to the endowment fund to enhance the value of the scholarship. They'd like to see the fund grow to \$100,000 in the next five years.

"We decided to create this fund to offer some financial assistance to a student entering a profession we feel would yield the best dividends," says Dr. Rajender Parkash, an internal medicine

specialist who spent half his life providing care in Yarmouth.

"Nursing is a profession where one encounters and has to deal with pain and suffering. Alleviating these remains the essential objectives, duties and obligations," he says. "It is desirable that individuals, groups and communities help these deserving students entering such a noble profession like nursing."

Dr. Rajender Parkash had a very busy practice in internal medicine and served as chief of staff at Yarmouth Regional Hospital twice. In 2012 he was presented with the Archibald Gold-Headed Cane Award for Medical Humanities, given by the College of Physicians and Surgeons of Nova Scotia.

Dr. Asha Parkash worked part-time as an ER physician in Yarmouth while raising their two sons, and later worked full-time doing locums for other general practitioners. In 1995, she opened an allergy practice in the town.

Our Impact

Yarmouth Hospital Foundation Financial Highlights

Year Ended December 31, 2014

The Yarmouth Hospital Foundation has spent the past few years focused on growing our Future Fund. The purpose of the Future Fund is to ensure that our community receives the health-care services it needs and deserves by being able to participate in purchasing necessary new equipment. Many large purchases of equipment authorized by the Province require a local funding contribution of 25%.

In the next five years, there will be significant purchases required at the Yarmouth Regional Hospital. We need to have sufficient funds on hand to donate to the hospital to help fund the purchase of this equipment. Ongoing annual appeals and capital campaigns help us to prepare for the future.

In 2014, we held a very successful campaign to enable us to contribute 25% of the cost to the new CT Scanner and the Medication Management System that are now currently operational at the Yarmouth Regional Hospital. During this 2014 campaign, we also raised funds toward the growth of the Future Fund. The donation and fundraising revenue below includes these contributions. As a consequence, the Board of Directors approved the transfer of \$400,000 to the Future Fund.

We are committed to supporting health care today and tomorrow. And we know that our community is behind us with every step. We could not have had the success we had in 2014 without our very valued donors ... **Thank you!**

Our Impact

Yarmouth Hospital Foundation Financial Highlights

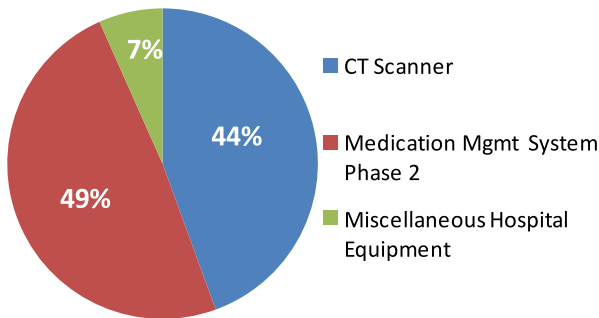

Year Ended December 31, 2014

2014 Revenues: \$1,980,024

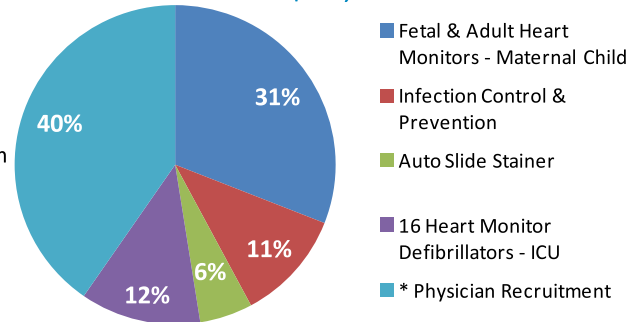

In 2014 over \$1.9 million was raised to support and enhance your hospital as a community and regional centre of excellence in health care.

2014 Disbursements: \$800,120

2015 Commitments: \$495,977

We are so thankful to our many donors who contributed to the Enhancing Healthcare Campaign which resulted in \$800,120 towards the community share (25%) of the CT Scanner, phase two of the Medication Management System and other critical equipment. The Yarmouth Hospital Foundation's commitment for 2015 is to provide funding of \$495,977 for essential equipment needs.

2014 Disbursements:

CT Scanner	\$ 355,506
Medication Management System (Phase 2)	391,301
Miscellaneous	<u>53,313</u>
Total Disbursements:	\$ 800,120

2015 Commitments:

Fetal & Adult Heart Monitor	\$ 153,411
Auto Stain Slider	26,581
Infection Control & Prevention	55,490
16 Heart Monitor Defibrillators	60,495
* Physician Recruitment	<u>200,000</u>
Total Commitments:	\$ 495,977

* YHF allocates \$200,000 annually towards interest free loans for Physicians

The complete financial report for the Yarmouth Hospital Foundation is available on the Canada Revenue Agency website: <http://www.cra-arc.gc.ca/chrts-gvng/>

FUNDRAISING CHEERLEADER

Leading by example

‘Everyone has to put their weight into things to make it work’

As a physician who uses services at Yarmouth Regional Hospital, Dr. Kenny Yee feels a responsibility to support the Yarmouth Hospital Foundation's fundraising efforts.

Dr. Yee, a member of the Foundation Board since 2012, was an important member of the campaign team that successfully raised \$762,000 for vital new equipment last year.

All team members adopted the principle of leading by example and began their fundraising efforts with a donation to the *Enhancing Health Care* campaign that raised the community's portion of the cost of a new CT Scanner and Phase 2 of the Medication Management System.

The family physician, based in Barrington, raised \$39,000 towards the fund, soliciting donations

mainly from his own community and also among the doctors at the Yarmouth Regional Hospital.

“It's one of those jobs you do that you feel good about,” Dr. Yee says. “It's a worthy cause. As a physician who both uses and benefits from the system, I feel we should at least put something back into it.”

Dr. Yee, originally from Malaysia, trained in Australia and lived in New Zealand before settling in Barrington 20 years ago. Over the years he has mentored a number of international doctors who have gone on to establish their own practices.

He continues to be involved in fundraising for the Yarmouth Hospital Foundation. “It takes teamwork. Everyone has to put their weight into things to make it work.”

JAMES INGRAM, JIVE PHOTOGRAPHIC

INNOVATOR

Leading the change

‘We are in the vanguard with our resident training program’

“Yarmouth was a tremendously wonderful place to come as a new doctor because people were kind and they helped you,” Dr. Shelagh Leahey, says reminiscing about nearly 40 years in practice in this area.

“It means you don’t want to hold back, because, when a community has been good to you, you can’t just walk away.”

Named the family physician of the Year for Nova Scotia in 2011, Dr. Leahey is playing a major role in shaping the way health care is delivered in the South West Nova Scotia.

Among other initiatives, she founded Ocean View Family Practice, which introduces internationally trained doctors to family practice in Nova Scotia; became the first site director for the Yarmouth location of Dalhousie’s family medicine residency training, and launched the Leahey Wellness Clinic, in connection with the Tri-County Women’s Centre.

“Physicians used to be trained to work only inside of hospitals, but we are in the vanguard with our resident program in training people to work largely outside of hospitals.” Dr. Leahey says “A hospital is a tremendous resource, but a very expensive

resource, so we have to use it as sparingly as possible.”

The emphasis in health care has shifted from in-patient care to the community and the home, she says, noting that Yarmouth Regional Hospital used to have 200 beds, but now has just over 100, and that 85% of surgeries are now done on an out-patient basis.

Although there are fewer beds, there is more equipment, very expensive equipment, such as the new CT scanner and Medication Management System purchased last year with the help of the Yarmouth Hospital Foundation, which launched the successful *Enhancing Health Care* campaign to finance these important goals.

“The Foundation is doing the heavy lifting of doing the evaluation and support, so, if I can provide money that will bring them closer to their goals, that’s an important part of my budget,” Dr. Leahey says.

“If you don’t have a foundation, you get a much lower quality product, lower standard of service,” says the doctor, who has great confidence that the Foundation is managed responsibly.

APPRECIATION

A patient says thanks

'Cheers we do give to these
dedicated guys and gals

Kathy MacKinnon is a quiet-spoken woman who leads a quiet life. She has faced challenges and adversity with a kind and brave heart.

She stepped up to the plate in 1979 when she left her job and home in Halifax and moved to Doctors Cove to care for her grandmother. When her grandmother died, she looked after her uncle until he went into Veterans' Place in 1997. Since then she has lived in a tiny seniors' apartment in Barrington Passage.

Somewhat frail, she enjoys her friends, writes poetry and occasionally ventures out to the supermarket, or to the library to use the computer.

At the age of 64, Kathy is fighting her fourth battle with cancer. It began with bowel cancer when she was six, followed by skin cancer and breast cancer. Now she is undergoing monthly treatments at Yarmouth Regional Hospital for bone cancer.

A friend who works in Yarmouth drives her to the hospital for the treatment procedure, which lasts

about 3 hours. After, she is stiff and sore, but, while she is waiting for her ride home, she goes to Veterans' Place to visit with friends she made when her uncle was a resident.

The staff in the oncology department are very kind and have made these sessions much easier for her, Kathy says. To show her appreciation, she recently presented them with a poem she wrote:

Caring and Sharing

*Sweet Nurses that do Radiantly smile
Giving many a treatment that does take a while
These darling folks who Really do care
Florence Nightingale would be proud of the
kindness they do share
'Tis healing they give with a compassionate zest
Patients truly feel comforted and Blessed
Cheers we do give to these dedicated guys and
gals
Angels walk among them as they do adhere to them
as Pals*

MISSION STATEMENT

Enhancing health care

‘Your gifts will help hundreds
of patients and families’

Each year thousands of residents in Digby, Shelburne and Yarmouth counties come to the Yarmouth Regional Hospital for their medical care.

At our regional health centre we are blessed with an outstanding team of doctors, nurses, support staff and volunteers who are committed to delivering the best quality of care possible, as close to home as possible.

The Yarmouth Hospital Foundation works in tandem with our hospital leaders to ensure we have the equipment and resources needed by our amazing medical teams in their quest to carry out their work each day.

We are mindful that provincial funding is limited. Today’s funding formula is a 75/25 split. Government funds 75% on equipment approved by the Department of Health, providing that the balance is raised in the community.

Having access to updated technology and resources is also an important factor in attracting new physicians and health care providers to our community. Your gift to the Yarmouth Hospital Foundation is a wonderful way to invest in your health care and the health care of your loved ones and your community.

Your support does make a difference. This was clearly evident in 2014 with the successful *Enhancing Health Care* campaign — more than \$1.2 million raised for our new CT Scanner and state-of-the-art Medication Management System, with additional funds channeled towards future equipment needs. Thank you for your support.

In 2015, your donations will continue to enable the Yarmouth Hospital Foundation to acquire new equipment — 16 heart monitor defibrillators, infection control units, and an auto-slide stainer for the lab.

Together we will invest in technology to equip our health care professionals with the best tools to enhance quality care and patient safety. By supporting these areas, your gifts will help hundreds of patients and families throughout the year.

I look forward to working with you as we strive to meet the health care needs of our community today and tomorrow. Please feel free to contact me directly at 902-740-5873 or by email at paulette.sweeney@nshealth.ca

2014 Gala: "The Sky's the Limit"

Presenting Sponsor: Yarmouth Dental Group

2014 Spring Gala raised \$44,000

Photos by Clifton Saulnier

Jody Shelley Golf Fore Health

Presenting Sponsor: Tri-Star Industries

2014 Golf Tournament raised \$36,000

Recipient of the Best Golf Event at the "Best of YAS" (Yarmouth & Acadian Shores) Awards

Community Driven Events

Thank you

for the wonderful support from our communities

Over \$20,000 was raised in 2014

Community fundraising events are a very important component of our annual program. These independent (3rd party) events are organized by community groups, businesses or individuals.

Ford Drive One 4 Your Community

EVERY DOLLAR DONATED COUNTS
Yarmouth Hospital Foundation
Together we can make a difference

There are many ways you can choose to help. No gift is too small and every dollar makes a difference in the care we are able to provide. We are available to take your donation by phone at 902-749-1669 and are pleased to provide any additional information you may require. Our office is open Monday to Friday 8:30 a.m. - 4:30 p.m.

WAYS TO GIVE ...

Make a Donation

A gift by cheque or credit card is the most common way to give. Donors may choose to designate their funds or make a donation to our Greatest Needs.

Online Donations

For many, this is a convenient and easy way to give. You may make one-time donations or set up your monthly gift.

Monthly Giving

Monthly giving allows you to donate over 12 months by pre-authorized withdrawals from your bank account or recurring charges on your credit card.

Other Options

Did you know a gift of stocks, bonds or securities goes further as no income tax is paid on capital gains generated by this type of donation.

Make a Bequest

You may wish to support our hospital through a bequest in your will or you may choose to make the Yarmouth Hospital Foundation the beneficiary of an insurance policy.
